Merci à tous les consignataires
et nos acheteurs!

TERMES

Animaux :

À moins que d'autres ententes aient été effectuées avant la vente avec le propriétaire ou le gérant de la vente, le prix de vente sera payé comptant en devise canadienne ou l'équivalent et les animaux ne seront pas remis à l'acheteur avant qu'un règlement satisfaisant ne soit effectué.

Génisses à naître :

25% du prix devra être payé à la clôture de la vente et les 75% restant au moment de la sélection du sujet. L'acheteur a 4 mois à partir de la dernière naissance du lot de génisse pour choisir parmi un minimum de deux génisses par lot. Dans l'éventualité où il y aurait moins de deux génisses pour le choix de l'acheteur, la démarche suivante devra être suivie afin de remplir les conditions du contrat de vente :

- 1) le vendeur devra offrir un autre lot de génisses à choisir
- 2) dans l'éventualité où la condition ci-dessus ne pourrait être remplie, l'acheteur sera remboursé intégralement.

Politique sanitaire :

Les consignataires sont responsables de communiquer le maximum d'information sur la santé des sujets aux acheteurs. L'équipe de vente communiquera toutes les informations reçues au moment de l'encan. Les consignataires doivent faire tester tous les animaux de six mois et plus au jour de la vente pour la leucose et néospora. Le test doit être réalisé dans un maximum de 3 mois avant la date de l'encan. Pour les génisses de six mois et moins, les tests sont optionnels mais peuvent aider à la commercialisation des sujets. Dans le cas des vaches, le test de staph aureus est fortement recommandé en supplément. Un test de CMT sera fait immédiatement à l'arrivée de votre animal sur le site, avec vous ou votre camionneur pour vérifier les cellules somatiques et si l'animal ne convient pas, il sera immédiatement retourné.

OFFRES

L'enchérisseur faisant l'offre la plus élevée sera considéré l'acheteur. Dans le cas où il y aurait une dispute sur la décision concernant l'enchérisseur le plus offrant, l'animal devra encore une fois être offert pour les offres avancées et s'il n'y a pas d'offre avancée, l'animal sera vendu à l'enchérisseur dont la dernière offre fut acceptée par l'encan- teur.

Il est défendu de faire des offres sur ses propres sujets excepté dans le cas de copropriété lorsque l'offre est faite avec l'intention de répartir à nouveau les parts des copropriétaires et à condition que l'intention d'une telle enchère soit annoncée avant le début de l'enchère pour l'animal en question. L'encan- teur pourra, à sa discrétion, refuser toutes offres considérées irresponsables.

Chaque sujet sera transféré au(x) nouveau(x) propriétaire(s).

RISQUE

Les animaux achetés à une enchère deviendront la responsabilité de l'acheteur aussitôt qu'ils seront retranchés comme vendus.

ERREURS

Toute erreur relevée dans le catalogue sera annoncée à l'emplacement de l'encan- teur. Toutes les annonces provenant de l'emplacement de l'encan- teur auront la priorité sur toute autre indication dans le catalogue.

CERTIFICATS

Chaque animal offert en vente est enregistré ou sera enregistré, et ce, en fonction de son éligibilité au livre généalogique de la race. Le cer-

tificat d'enregistrement et le transfert au(x) nouveau(x) propriétaire(s) seront à la charge de l'acheteur.

TRANSPORT

L'organisation et les coûts de transport du point de vente sont à la charge de l'acheteur.

GARANTIES

(1) Le vendeur garantit son titre incontestable et son droit de vendre chaque animal offert en vente.

(2) Tous les animaux offerts en vente sont garantis en bon état. À moins d'une déclaration contraire au catalogue ou de l'encan- teur, tous les animaux sont vendus physiquement sans problème évident. Les systèmes mammaires seront examinés avant la vente et tout défaut sera annoncé.

Sauf pour les exceptions ci-après mentionnées, toutes les femelles de quinze (15) mois ou plus le jour de la vente sont garanties reproductrices.

(3) Une femelle qui a vêlé dans une période de trois (3) mois avant la date de la vente est reconnue comme reproductrice. Une femelle qui est en gestation lorsqu'elle est vendue est reconnue comme reproductrice.

Dans le cas où une femelle qui n'a jamais vêlé serait vendue, non saillie, ayant atteint l'âge de quinze (15) mois et qui ne réussit pas à devenir gestante d'ici quatre (4) mois et avant l'âge de vingt-et-un (21) mois après un service par un taureau enregistré de la même race, étant un reproducteur reconnu, et après avoir été traitée par un vétérinaire qualifié, de telles circonstances devraient être rapportées au vendeur par écrit. Le vendeur aurait droit à une période de quatre (4) mois suivant la date d'un tel avis pour prouver qu'elle est une femelle reproductrice en la faisant saillir avec un taureau enregistré de la même race. Si le vendeur ne réussit pas à prouver que la femelle est une reproductrice, la vente peut être annulée et le prix de vente remboursé si l'acheteur le désire.

(4) Il n'y a aucune garantie qu'une femelle vendue gestante donnera naissance à un veau normal ou qu'elle portera un veau à plein terme.

(5) Dans aucun cas, le vendeur sera responsable pour plus de la valeur de la vente.

(6) Il n'y a aucune garantie lorsque le sujet est revendu par l'acheteur original.

(7) Il n'y a aucune garantie qu'une femelle qui, après la vente, est soumise à des ovulations multiples où à la transplantation d'un seul embryon, est une reproductrice.

(8) Les frais de transport dans le cas de litige sont aux frais de l'acheteur.

GÉNÉRAL

Le gérant des ventes est l'agent du vendeur et n'est pas personnellement responsable pour des garanties ou des représentations bona fide en mettant sa confiance sur la crédibilité des renseignements donnés par le vendeur. Le vendeur est responsable de telles garanties et représentations. Les plaintes devraient être faites au vendeur et/ou au gérant de vente. Dans tous les cas, la responsabilité du vendeur envers l'acheteur est limitée au prix de vente payé par l'acheteur.

TERMS AND CONDITIONS

TERMS

Animals:

Unless other arrangements have been made prior to sale day with the owner or sale managers, the terms call for cash or cheque settlement in Canadian Currency or acceptable equivalent, with the Clerk of the Sale before release will be given.

Heifer calves to be born:

A down payment of 25% is expected at the conclusion of the sale on all lots. The remaining 75% is expected at the time of selection at the farm. The purchaser has four (4) months from the last date of birth of the heifer lot to choose from a minimum of two (2) heifer calves per lot. In the unlikely event that there are less than two heifer calves to choose from, the following steps shall be taken to fulfill the purchase agreement :

the seller shall offer another lot of heifer calves to choose from in the event the above cannot be resolved, a full refund will be made to the buyer.

Health status:

All consignees are responsible to communicate all health informations on their dairy animals. The sales team will communicate all the information received at the auction. All consigned calves of 6 months and older (from the day of the sale) will be tested for leucosis and neospora. The health tests must be made by the consignees three months before the date of the auction. For calves of 6 months and younger, the tests are optional but can help to commercialise the animals. For cows, the staph aureus test is highly recommended too. A CMT test will be made immediately upon arrival of your cow to check the somatic cells. If the animal isn't in good health, it will be immediately returned.

BIDS

The highest bidder will be the buyer. In case of dispute, the animal will again be put up for advance bids. If there is no further bidding the animal will be sold to the person from whom the auctioneer accepted the last bid. Every animal is pledged to absolute sale and by-bidding is prohibited, except to split a partnership on jointly owned animals when joint ownership is previously announced. The auctioneer may, at his discretion, refuse to accept a bid. Every animal will be transferred to new ownership.

RISK

All animals are at purchaser's risk as soon as struck down.

ERRORS

Any error noted in the catalogue will be announced from the Auctioneer's stand. Any announcement from the Auctioneer's stand will take precedence over any matter in the catalogue.

CERTIFICATES

Each animal is recorded, or will be recorded according to eligibility, in the Herd Book of the Breed. This certificate of registration with recorded transfer to the new owner will be on the buyer's responsibility.

SHIPPING

Organisation and cost for transportation from the point of sale is the responsibility of the purchaser.

WARRANTIES

(1) Clear title to each animal and right to sell is guaranteed by each consignor, hereinafter referred to as the seller.

(2) Unless otherwise indicated in the catalogue or announced from the Auctioneer's stand, each animal is sold as physically sound without noticeable blemish. Udders of females sold will be carefully examined before the sale and any defect found will be announced.

Other than the exceptions mentioned below, all females fifteen (15) months or older the day of the sale are guaranteed breeders.

(3) Females- Any female pregnant when sold or that has freshened within three (3) months prior to the date of the sale is by these facts, considered a breeder.

Should any female sold, not bred, having never calved and having reached fifteen (15) months of age, not become pregnant within four (4) months or by the time she reaches twenty one (21) months of age, and after having been treated by a qualified veterinarian, the matter should be reported to the seller. The seller will then have a privilege of four (4) months time in which to prove the animal a breeder by breeding her to a registered sire from the same breed. If the seller is unable to prove that the female is a breeder the sale can be cancelled and the purchase price refunded if the buyer so desires.

(4) The seller makes no warranty that a female announced safe with calf will deliver a live calf or that she will carry her calf full term, nor is there any guarantee that the calf carried will not be mummified.

(5) In no case will the seller be responsible for more than the sale price of the animal concerned.

(6) Above warranties cease when the animal is disposed of by the original purchaser.

(7) Above warranties cease when a female is used for embryo transplant purposes either as donor or as receipt, whether surgically or non-surgically.

(8) Transportation charges on all animals subject to adjustment will be for the buyers account.

GENERAL

The sale manager is the seller's agent and is not personally responsible for any warranties guarantees or representations made bona fide in reliance upon information provided by the seller. The seller is responsible for all such warranties, guarantees and representations. Complaints should be made to the seller or sale manager before the close of the sale. In all cases the seller's responsibility to the buyer is limited to the sale price paid by the buyer.
